Cindy I am sorry I have been so long getting back with you we have been really busy. I am glad we have been so busy but I keep falling behind.

I was looking at the CS-3501i Copystar copier that we have with you and it is on a 48 month rental and started 9-1-2016 and will go until 8-31-2020. This machine rental price includes maintenance and toner for up to 72,000 copies per year.

I will quote you on the other 3 machines. I did look up those models and will quote a equal machine. These machine has many optional features. I will quote the basic configuration. The basic configuration is the machine, a 140 page automatic document feeder, and a copier stand. The machines are full feature machines and has all of the features your current machines have plus more.

I will include a brochure on each machine and a copy of the Mississippi State Contract Pricer for 2018 -2019.
