

ORDER
(Regarding the Emergency Repair of Euclid Park Canal)

WHEREAS, Mayor Johnny Magee was notified by phone call from the Public Works Director that a portion of the drainage canal at Euclid Park has severely eroded and poses an immediate threat to the integrity of the adjacent block of North 5th Avenue; and

WHEREAS, §31-7-13(k) of the Mississippi Code of 1972 Annotated gives authority to the Mayor, acting as an agent of the City to order the immediate remediation of circumstances which threaten the safety and welfare of the citizens of the city, with ratification of said actions to be granted by the council at the next regularly scheduled meeting

NOW THEREFORE, I, Johnny Magee, Mayor of the City of Laurel, acting under the authority granted by §31-7-13(k) of the Mississippi Code of 1972 Annotated, do hereby order that Walters Construction is authorized to make repairs to a portion of the Euclid Park Canal and any repairs needed to the adjacent block of North 5th Avenue that may result from this project. The total estimated cost of this project is four hundred thousand dollars (\$400,000.00) (See Exhibit A)

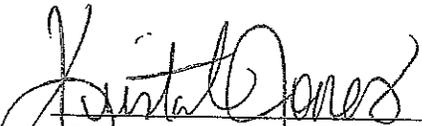

SO ORDERED on this the 30th day of JANUARY, A.D. 2026.

Johnny Magee, Mayor

ATTEST:

Kristal Jones, City Clerk

Walter's estimate is \$365,000. This would be if grouted riprap is installed. This includes approximately \$20,000 to remove and replace the guardrail, which they believe is necessary.

The estimate with loose riprap (no grout) is \$315,000.

If we have to mill and pave the street due to damage from the equipment and materials, that will add approximately \$20,000 (worst case for the whole length of the repair section).

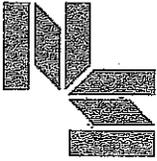

They estimate 28 working days.

Also, if the City would like for Neel-Schaffer to provide inspection under general consulting additional services, we can let James help oversee construction and track the annual bid quantities. I would estimate approximately \$15,000 in RPR services.

Let me know if you have any questions or need anything else from me.

Thanks,

Kris

I talked with David Dodd at Walters again today, and he said it would probably be Monday or Tuesday before they get back to us with an estimate.

I pulled my own quantities and an estimate of the hours using the annual bid prices, and I come up with \$300,000 - \$350,000 for labor, equipment and materials. It's a rough estimate with me approximating the manpower and equipment that I expect versus what they may plan to use.

I will review and compare when theirs comes in and let you know where we are.

Thanks,

Kris
