

The City of Laurel is interested in exploring the possibilities for facility & infrastructure improvements through energy performance contracting in accordance to Mississippi Code 31-7-14 - Public Contracts of Energy Efficiency Services. This letter is to authorize Schneider Electric to proceed with a Business Case Analysis at no financial obligation to the City.

- A) Complete access to City facilities for Schneider Electric's Certified Energy Managers and Energy Analysts for the purpose of surveying types of equipment and operating characteristics;
- B) Twelve months of utility bills;
- C) Access to personnel to discuss operating requirements; and
- D) Opportunities for city representatives to meet with Schneider Electric for the review of the Business Case Analysis.

- A) The high level utility analysis including potential savings estimate;
- B) The building survey report;
- C) The potential list of energy conservation measures for the facility; and
- D) The description of these energy conservation measures.
