“Summer of Service”

Brighter Tomorrows Mentoring Summer Program

I am happy to announce that Ward One’s mentoring program Brighter Tomorrows has launched a “Summer of Service” program the first Friday in June, where young people who show up to work on a service project each week are rewarded with a kayaking or fishing trip every week. We plan to have enough funding and participation to complete 6 to 8 weeks of projects including building a wheelchair ramp for a disabled Ward One resident. Anyone who would like to contribute to our “Summer of Service” campaign is welcome to contact me. All donations will be used for the mentoring program. All ages are welcome, and pre-registration is not needed. The group will meet every Friday throughout the summer at Laurel Middle School. Children 12 and under must have a parent or guardian with them. If you want to take advantage of the summer of service program I have permission forms for young people available today and I would be happy to answer any questions anyone may have. Please help spread the word.

Thank you for your time today
