OFFICE OF THE MAYOR

With great anticipation, South Central Regional Medical Center is set to host our 11th annual Art of Healing on March 23, 2019. Art of Healing serves as our largest fundraiser throughout the year. Our success and growth of each event was a direct impact from supportive community partners and our generous guests.

As we are preparing for the 2019 event, South Central Health Care Foundation would like to seek assistance for event expenses through a sponsorship. With your financial assistance, event expenses are covered, thus all money received from the auction and event will go directly to the South Central Health Care Foundation.

Approximately \$25,000 was raised at Art of Healing last year, with proceeds going to fund community health screenings, provide aide for community support groups and promote health education within the community. In 2018, over 5,000 community members were directly impacted by assistance from the South Central Health Care Foundation. These programs are offered at no cost to our community and include: Teens Getting Involved for the Future, Hospice and Home Health Assistance, Infant Bereavement Support, Mental Health Education and Screening, Alzheimer's Memorial Fund, and Children's and Adult Community Health Fairs.

It is our hope that your organization will consider a donation to Art of Healing to help keep event costs at a minimum. If you would like more detailed information, please feel free to contact the South Central Health Care Foundation at (601) 399-0503, or by email at [bcollins@scrmc.com](mailto:bcollins@scrmc.com).

We appreciate your support in bringing this event to our community to help raise awareness for the importance of health screenings, community education programs and support groups. The 2019 event will be an exciting evening and we hope you will be part of the night.

Sincerely,

Becky Collins
