

F.O.R.C.E.

Fighting Obesity Rightfully

for Children Eminence

The statistics surrounding Mississippi children obesity, rate us as the highest among the nation. Obesity has increase dramatically in our children throughout the years in the state of Ms.

The F.O.R.C.E project calls for every Mississippian to take a stand for our children health. We must prevent obesity and sustain the effort for the generation to come.

Heart Attack

Stroke

High Blood Pressure

Type 2 Diabetes
